

SPOTSYLVANIA COUNTY

REPUBLICAN COMMITTEE

Fellow Conservatives,

On July 13th, we witnessed another significant moment in our nation's history—a moment approaching due to the deep political divide in this country. We must strive to repair the culture that has emerged through our collective courage, faith, and a renewed commitment to love our neighbors. We must uphold and defend our beliefs with dignity and fortitude.

The Spotsylvania County Republican Committee joins Governor Youngkin and all patriotic Americans in condemning the assassination attempt against President Donald Trump. This was not merely an attack on a man or a political candidate but on our country, our Constitution, and the rule of law.

While we are grateful to God that President Trump is recovering well, we must not forget the tragic loss of Fire Chief Corey Comperatore, who lost his life in this abominable attack. We extend our heartfelt condolences to the Comperatore family and pray for a swift recovery for those who were wounded.

Words matter. We cherish the First Amendment, but it comes with the responsibility to use our words carefully. Incendiary language that implies violence as an acceptable means to settle political differences is dangerous and must be condemned.

In Life, Faith, and Liberty,

Jordan Lynch
Chairman
Spotsylvania County Republican Committee
