

Last November, God blessed us by saving our Nation from continuing down a road of destruction; this November, we must partner with Him to save our state!

This November, Christians must vote in our state and local elections to save Virginia from becoming California! If we do not engage the culture (our own congregations and community), we stand to lose the current and future generations.

What's at stake? For one, did you know that the democrat-led County School Board has ensured that *pornography is in our schools*, even at the elementary level? Did you know that the democrat-led Virginia legislators are attempting to enshrine the *right to abortion at any stage* (even up to delivery)? And so much more ... The choice is clear: biblically-based values versus confusion and lies.

Call to Action: Pastors please lead --

*When the righteous lead,
the people rejoice.*

- (1) Encourage your congregation to Register to Vote
- (2) Encourage your congregation to Vote (in every election, at all levels)
- (3) Encourage your congregation to consider running for office. Did you know that some 'progressive' candidates are running un-opposed in local elections?
- (4) Encourage your congregation to engage in the community (disciple)! To speak up in love and vote their God-breathed values; it's not political, it's spiritual! Start a Culture & Christianity Small Group!

Resources – Following are **excellent resources** available to help inform, educate, and equip pastors to lead their staff and congregations in the fight for God's values to permeate the culture:

Commit to Act - To become informed and engage, leverage the above resources, sign up for their mailing lists, commit to a daily podcast, take a free course with your staff, and pray to lead as He leads (James 4:17). *"The only thing necessary for the triumph of evil is for good men to do nothing."*

Together, we can feed a starving culture. The alternative is a continued slow creep toward a country we no longer recognize. Thank you for shepherding your congregation so that God's light will shine and save Virginia through His truth!

In His Service, Fellow Patriots of Virginia

*If every Christian voted God's values,
our communities would reflect His light*
