

**SPOTSYLVANIA COUNTY**  
**REPUBLICAN COMMITTEE**

Folks,

Please see the special message from Chairman Anderson below:

Friends,

Today, the Republican Party of Virginia is proud to launch Secure Your Vote Virginia – a brand new way for Virginians to vote early.

Here's the truth – for too long, Democrats have played the game while Republicans sat on the sidelines. Every single election, Republican candidates go into election day trailing by thousands of votes.

NO MORE. Now, we're in it to win it.

This fall's state legislative elections are just too important.

We need Republican Majorities in the House of Delegates and State Senate to back Governor Glenn Youngkin and his commonsense, conservative agenda. We cannot let the radical, far-left, extreme Democrats win and turn our beloved Commonwealth into California.

You can help by going to [SecureYourVoteVirginia.com](https://SecureYourVoteVirginia.com) RIGHT NOW and making sure that you apply to vote early.

“We can't go into our elections down thousands of votes. I need you to Secure Your Vote early this year.” – Governor Glenn Youngkin

**Here is what's at stake:**

- \*Far-left Democrats want to turn Virginia into California
- \*Extreme Progressives want to ban your gas stove
- \*Radical leftists want to shut parents out of the classroom

We can't let that happen – we must vote!

Here's what you can do to help:

- \*Go To [SecureYourVoteVirginia.com](https://SecureYourVoteVirginia.com) Right Now and Commit to Voting Early
- \*Tell 10 Friends About Secure Your Vote Virginia
- \*Share this Video on Facebook & Social Media

We're going into battle once again, friends. We won in 2021 when no one thought we could, and we're going to win again this year. I'm proud to call you part of the team.

Sincerely,

Rich Anderson

RPV Chairman

Best Regards,

Brett Pritchett

SCRC Chairman

Spotsylvania County Republican Committee
